

**Sefton Coast Nature Conservation Strategy and Biodiversity Delivery Plan:
Initial Stakeholder Consultation. Comments to be returned by 31st March 2006.**

The Board of the Sefton Coast Partnership invites you to comment on the issues raised in the main report and this summary. With effect from Friday 10th February 2006 a copy of the full Issues Report, the summary and this form can be found on-line at www.seftoncoast.org.uk/index_consultnature.html. You can provide comments on-line, download a Word document or print out a PDF document for sending in the post or complete the form below and return it to John Houston, Ainsdale Discovery Centre, The Promenade, Shore Road, Ainsdale-on-Sea, Southport PR8 2QB. Supporting information is also welcome. The issues and draft principles will be further discussed by the consensus building working groups. A summary of the consultation will be compiled; it will be available on line and by request.

1. Comments on the draft principles.

Do you think our set of principles about right?

Do you think we have missed anything?

Please give us your views on any/all of the six principles in the summary document.

2. Perceptions –your answers will help us to understand your feelings for the coast

What, in your opinion, makes the Sefton Coast important for nature?

How do you think the history of land use has created the present day coast?

What do you think are the opportunities / issues/ threats / problems which we should address?

3. Outcomes

Do you generally agree with those listed in the final section? What other outcomes would you like to see?

We will acknowledge all responses. In accordance with the 1998 Computer Data Protection Act any information supplied will be used only for this study and programmed into a computer.
